**RENEWED PETITION UNDER 37 C.F.R. 1.181 TO WITHDRAW
HOLDING OF ABANDONMENT**

Mail Stop Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant submits this renewed petition to withdraw the holding of abandonment in the above-referenced patent application under 37 CFR 1.181(a) and MPEP 711.03(c). This renewed petition is a request for reconsideration of the May 23, 2006 decision by the Office of Petitions

dismissing Applicant's original petition filed April 20, 2006. Because this renewed petition is filed within two months of the mailing date of the decision by the Office of Petitions, no fee is required.

The Decision on the Petition indicates that it is necessary to include a copy of the docket record where the nonreceived Notice of Allowance would have been entered had it been received and docketed to prove non-receipt. The Decision quotes the example of a proper docket report in MPEP 711.03(c)(II), which states that "if a three month period for reply was set in the nonreceived Office action, a copy of the docket record showing all replies docketed for a date three months from the mail date of the nonreceived Office action must be submitted" Submitted herewith is a copy of a comprehensive docket report for the patent matters of the assignee, Specialized Health Products which is dated March 1, 2006. The docket record shows items running from November 11, 2005 through September 14, 2006. You will note that the docket report shows we expected to receive an office action on March 10, 2006 on our matter number SHP026.4.1. Our matter number SHP026.4.1 corresponds with U.S. Patent Application Serial No. 10/721,526 – the present case. Had a Notice of Allowance been received, it would have been entered into our docket and the docket record would show the docketed deadline for paying the issue fee. Also, had the Notice of Allowance been received, the docket report would show that the Issue Fee due on February 28, 2006 was unpaid on March 1, 2006. Accordingly, the comprehensive docket report confirms that a Notice of Allowance was not received.

In the Decision on the Petition, it was further stated that non-receipt is established by including a statement about non-receipt and an attestation of the facts. In the petition filed on April 20, 2006, I indicated that a Notice of Allowance was not received so Applicants were not

aware of the deadline for paying the issue fee. I also attested that after searching the file jacket and the docket records, that a Notice of Allowance was not received.

Applicant submits that this renewed petition under 37 CFR 1.181(a) meets all of the requirements set forth in MPEP 711.03(c) and requests that the Notice of Abandonment issued in the above-referenced case be withdrawn.

DATED this 21st day of June, 2006.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Paul S. Evans", is written over a horizontal line.
